Transforming Lives
Through Christ: In time for Eternity
Philippians 4:17-21

August 9, 2011

Dear Sunday School Parents and Children,

After this long hot summer, and as we begin the gentle cool down to the Fall, things are still heating up at St. Luke as we prepare for the beginning of Sunday School and the rest of our educational programs during the school year.

It is our purpose to help transform the lives of these precious lambs of God through connecting them to Jesus and His church. We are an extension of your family and of the baptismal covenant you made when your children came through the waters of Holy Baptism.

We at St. Luke value this partnership in the Gospel and look forward to another great year of learning and growing together in our love for the Lord and for each other. Each Sunday we will conduct "practices" (lessons) for being a part of team Jesus and attendance at these practices is vitally important for the growth of the team. These practices begin at 9:30am and there are "games" at 8:15 and 10:45 am. We call these games worship as the family of God gathers for Word and Sacrament. I encourage you to participate in both the practices (Bible study) and the game.

During the children's practice time we will also have adult practices at 9:30am in the Memorial Gathering Room. I encourage all parents to join us for these practice sessions as our lives continue to be transformed through Christ.

Please take a few minutes now to fill out the enclosed registration form which helps us to make sure that we have the correct information on your family as well to make sure we have the correct amount of materials. The cost of the materials again this year will be \$30 per student and your donation helps us to offset these costs.

I look forward to greeting you at St. Luke and to being a part of helping to transform your lives as well as the lives of your children through Christ our Savior and Lord.

Peace, Joy and Love,

Rev. Charles W. Froehlich, Pastor
